```

HOW TO USE FOR A NEW EPISODE

Step 1 — Add to Registry

Open `pipeline_master.py` → find `EPISODE_REGISTRY` → add your episode data:

```
python
```

```
31: {
  "title_eng": "AI Video Calling - FaceTime & Google Meet for Seniors",
  "title_kor": "AI 화상통화 - 시니어를 위한 페이스타임 완전 정복",
  "topic": "FaceTime, Google Meet, video calling AI, senior communication",
  "saying_eng": "A picture is worth a thousand words.",
  "idiom_kor": "百聞不如一見 (백문불여일견)",
  "hook_tag": "AIVideoCall",
  ...
}
```

Step 2 — Run Pipeline

```
bash

python3 pipeline_master.py --ep 31
```

Step 3 — Generate Images

- Open `images/prompts/ep31_image_generation_prompts.md`
- Copy each prompt → paste into Midjourney or DALL-E
- Save generated images → insert into HTML

Step 4 — Publish (Follow Checklist)

Follow the timed schedule in `ep31_PUBLISHING_CHECKLIST.md`

 PLATFORM-SPECIFIC OPTIMIZATION GUIDE

 YouTube (Long-form)

Factor	Target
Video length	8-12 minutes optimal for seniors content
Upload time	7-9 AM local time
Thumbnail	Text overlay + before/after emotion
Chapters	Add at every 1.5 min mark
End screen	20-second subscribe + next video
Posting frequency	3-5x per week to build algorithm momentum
Description	First 200 characters = most important for SEO

YouTube Shorts

Factor	Target
Length	55-60 seconds (sweet spot)
Hook	First 2 seconds = make or break
Post frequency	Daily for first 30 days
Time	7-9 AM or 7-9 PM
CTA	Always end with "Follow for more"

Instagram

Factor	Target
Best format	8-10 slide carousel (highest reach)
Caption length	150-200 words optimal
Hashtags	20-30, mix high/medium/niche
Post time	12 PM or 6-8 PM local
Reels	30-60 seconds, same as TikTok script
Stories	Post 3-5 stories per day (behind-the-scenes works well)

TikTok

Factor	Target
Length	30-60 seconds peak engagement
Hook words	First 3 words must grab attention
Trend sounds	Check TikTok Trending weekly
Post time	6-10 AM or 7-11 PM
Frequency	1-3x per day for algorithm
Text overlays	Essential — many watch with sound off

Facebook

Factor	Target
Format	Long-form text + image or video
Audience	55+ users still very active on FB
Length	300–500 words gets highest engagement
Groups	Share in relevant senior tech groups
Best time	1–4 PM weekdays
Video	Native Facebook video outperforms YouTube links

X (Twitter)

Factor	Target
Format	Thread (8–10 tweets)
Hook tweet	Must be standalone and shareable
Reply engagement	Respond within 1 hour of posting
Best time	8–10 AM or 6–9 PM
Pinned tweet	Pin your best performing thread

Threads

Factor	Target
Length	5–7 connected posts work best
Format	Conversational, personal voice
Cross-post	Same content as X, slightly more casual
Images	Add to every post for reach

90-DAY GROWTH ROADMAP

Month 1 (Days 1-30): Foundation

Goal: 1,000 subscribers / followers per platform

- Post EVERY DAY without exception (algorithm rewards consistency above all)
- Focus on YouTube Shorts + TikTok first (fastest organic reach)
- Use all trending hashtags from SEO file
- Respond to every single comment within 2 hours
- A/B test 2 thumbnail styles per week

KPIs to track:

- YouTube: Views, Watch Time, Subscriber Growth
- Instagram: Reach, Saves, Profile Visits
- TikTok: Views, Follows, Shares

Month 2 (Days 31-60): Acceleration

Goal: 10,000 subscribers / followers per platform

- Collaborate with one other senior tech creator (cross-promotion)
- Create one "pillar" long-form YouTube video (20+ min deep dive)
- Start email list via SubStack (offer free "AI for Seniors Starter Pack" PDF)
- Test paid promotion: \$5-10/day Facebook ad targeting 60+ age group

Month 3 (Days 61-90): Scale

Goal: 50,000-100,000 subscribers (realistic; 1M requires exceptional virality)

- Weekly live Q&A on YouTube / Facebook Live
- Guest appearances: senior tech podcasts, AARP community forums
- SEO-optimized blog posts (WordPress + Tistory) start ranking on Google
- Newsletter becomes primary audience asset (email open rates: 40%+)

Realistic 3-month target: 50K-100K combined across all platforms **Path to 1M:** 6-12 months with consistent daily publishing + 1-2 viral Shorts

LEGAL & COPYRIGHT COMPLIANCE

Content Rules

✓ All factual claims must be verifiable from reputable sources ✓ Health/medical content: always include "educational only, consult physician" disclaimer ✓ Citations format: *Source: "Title," Author Name, Publication, Date* (italic, 2pt smaller) ✓ Political topics: ALWAYS present Pro and Con perspectives in balanced format ✓ Real companies: factual descriptions only, no fictional quotes or invented statistics ✓ Real people: only verified, publicly documented statements ✓ YouTube videos cited: *Source: URL* in italic text

Image Rights

- ✓ AI-generated images: original, no copyright (check each tool's commercial terms)
- ✓ Stock photos: use Unsplash (free), Pexels (free), or cite source
- ✓ Never use images from Google Image Search without explicit license verification
- ✓ Screenshots: always note "Screenshot: [App Name] / [Company], [Date]"

Defamation Prevention

- ✓ Never make false factual claims about individuals or organizations
- ✓ Opinions must be clearly framed as opinions, not facts
- ✓ Product reviews: base only on verified, documented information
- ✓ Do not republish or paraphrase entire copyrighted articles (brief quotes with citation are fine)

RECOMMENDED TOOLS (Free or Low Cost)

Tool	Use	Cost
Midjourney	AI image generation	\$10/month
Canva	Thumbnail + carousel design	Free / \$13/month Pro
